
Big News!

We are excited to announce Acadiana's Office Products and General Office Supply are merging!

What you should know:

General Office Supply and Acadiana's Office Products have partnered for many years and now it is time to become one name and one organization. Acadiana's Office Products will be changing its name to General Office Supply and General Office Supply (Downtown Location) will be moving to 3045 W. Pinhook Lafayette, LA 70508. This facility features over 50,000 square feet in office and warehouse space, one of the largest office furniture showrooms in south Louisiana, and an enhanced warehousing/distribution system. Through the added personnel and increase in operational efficiencies, this consolidation will increase our ability to offer even better service throughout Louisiana.

“Our valued customers should not notice any change from the way they currently order business products or who they speak to regularly. We are taking extreme measures not to disrupt the existing service

our customers currently receive. The only visible change will be new updated branding. It is truly an exciting time.” (Jonathan Barber– Director /Online Sales and Marketing)
